A Cybage CSR Initiative

Committed to a better tomorrow | **June 2018**

CybageKhushboo – Where learning blossoms!

Learning is not attained by chance, it must be sought for with ardour and diligence. For years now, CybageKhushboo has been sponsoring students for their higher education and conducting classes for their holistic development.

Knowing that education holds a lot of potential, CybageKhushboo has been conducting English language training sessions for a while now. On Sunday, June 10, these sessions were commenced again with Pankaj Mittal as the trainer from CybageKhushboo who continued to conduct these sessions on every Sunday. These sessions covered topics such as vocabulary building, body language, grooming, mock interview, story session, and interview questions.

With 35 students attending in the morning and 50 students in the afternoon, Cybage premises was converted into a classroom for their convenience. CybageKhushboo will continue to conduct these classes until September 18, 2018, when the examination time starts.

CybageKhushboo training sessions resume on June 2018
